**New Improvements
Now Through October**

With the arrival of warm weather, MaineDOT is kicking off improvements of I-295 in the Greater Portland area. Now through October, overnight paving is being done on the northbound lanes of I-295 between the Portland-Falmouth line and Freeport. Bridge and guardrail work is also being done. There will be one-lane closures between 8 p.m. and 6 a.m. Saturday night through Friday morning for northbound travel only.

Some bridge work – especially on the Royal River Bridge in Yarmouth – will require one-lane closures northbound during daytime hours on weekends. Delays are possible, and MaineDOT encourages drivers to plan ahead, allow extra time, and carpool when possible.

This roadwork will result in a smoother, safer road for us all. For more information or to sign up for email alerts, visit mainedot.gov. And remember – please pay attention and obey speed limits when driving in work zones. MaineDOT thanks you for driving safely.
